

Arizona Department of Transportation

ROADWAY ENGINEERING GROUP

MEMORANDUM

To: Design Personnel
ADOT and Consultants

Date: October 1, 2001

From: Arthur May
Roadway Support Section Manager
Roadway Engineering Group

Subject: Standard 1A,1B, 1C and 1D Sheets.
English Projects

PLEASE DISTRIBUTE TO ALL PROJECT MANAGERS

Due to recent modifications to the Traffic Group Signing and Marking Standard Drawings, the English Standard reference sheets will now be four sheets as follows:

Sheet 1A- Construction Standard Drawings

Sheet 1B- Traffic Signing and Marking Standard Drawings

Sheet 1C- Traffic Signal and Lighting Standard Drawings

Sheet 1D- Bridge Standard Drawings

The project manager/ designer shall determine which of the standards sheets apply to their project and include only those (one standard or more) in the "Index of Sheets".

The current sheets may be obtained from the Information Services Desk at Roadway Design. The designer shall initial the sheets signifying review that the proper standard revision dates as-shown apply to the project.

This revision is effective as of the date of this memo. If there are any questions as to procedure, please inquire with the Roadway Design Section. Please circulate this memo to consultant design personnel and project managers in your respective area.
